“

If you want to be pushed out of your comfort zone, this is the program for you. Working with Dr. Nystrom exposed me to aspects of chiropractic care I never knew existed. In other words, I didn't know what I didn't know. She is a master chiropractor that connects you with the philosophy that we do much more than “move bones.” - Jeanett T.

OUR PROGRAM

Designed specifically for doctors in the first years of practice, this year-long, interactive program will leave you feeling more passionate, knowledgeable, and confident about building and managing a thriving, differentiated practice.

Within a selected group of your peers and under the direction of Dr. Rebecca Nystrom, D.C., you will be challenged to strengthen the clarity and vision for your practice. You will learn to broaden access to your own intuitive nature to connect and communicate with your patients, to create successful tools to hone your practice management know-how, and to develop marketing strategies to attract new and retain existing patients.

If you are a doctor dedicated to creating the inspired practice of your dreams, come expand your awareness of what is possible through chiropractic in a fun, inspired setting.

TOPICS COVERED

- > **TECHNIQUE** > bridging the doctrines of high-velocity and non-force chiropractic
 - learn high-velocity, cellularly-specific adjusting of the spinal disc and cord – not just the vertebrae
 - discern demonstrable changes in the spine
 - detect and correct reversed cervical curves
 - mark & interpret full spine x-rays with in-house equipment
- > **INNER GROWTH** > you can't take people where you're not willing to go
 - develop the present time consciousness necessary to create a thriving practice
 - access the deep cellular awareness in your passion
 - understand the pitfalls of codependency with your patients
 - develop the discipline required for specificity
- > **BUSINESS PRACTICES** > seeing wealth in the same light as health, something to be managed and fostered
 - develop a high volume cash practice driven by referrals
 - learn proven systems designed to streamline operations
 - hone your ability to speak the language of chiropractic to better communicate with current and potential clients
 - explore successful marketing strategies to create a thriving practice
 - develop the skills to lead and inspire your dedicated team of chiropractic assistants

DR. REBECCA NYSTROM, D.C.

Dr. Nystrom has been a practitioner and teacher of Chiropractic for over 25 years. Through millions of adjustments across four successful practices and numerous international missions, Dr. Nystrom has helped thousands of patients and students worldwide awaken the healer within.

She leads an inspired, thriving practice at the Nystrom Chiropractic Clinic in San Rafael, California.
