“

If you want to be pushed out of your comfort zone, this is the program for you. Working with Dr. Nystrom exposed me to aspects of chiropractic care I never knew existed. In other words, I didn't know what I didn't know. She is a master chiropractor that connects you with the philosophy that we do much more than “move bones.” - Jeanett T.

## OUR PROGRAM

Designed specifically for students, this year-long, interactive program will leave you feeling more passionate, knowledgeable, and confident about the exceptional level of care you deliver to your patients as you plan and build your own thriving practice.

Within an inspired healing community of your peers and under the direction of Dr. Rebecca Nystrom, D.C., you are challenged to see, feel, and hear your patient on a deeper level. You will learn advanced adjusting skills, practices to access your own intuitive nature, methods of enhancing your patient communication and tools to sharpen your practice management know-how.

If you are a passionate student dedicated to discovering and awakening the vitality within yourself and your patients, come expand your awareness of what is possible through chiropractic in a fun, inspired setting.

## TOPICS COVERED

- > **TECHNIQUE** > bridging the doctrines of high-velocity and non-force chiropractic
  - perform full spine adjusting
  - learn high-velocity, cellularly-specific adjusting of the spinal disc and cord – not just the vertebrae
  - discern demonstrable changes in the spine
  - detect and correct reversed cervical curves
  - mark & interpret full spine x-rays with in-house equipment
- > **INNER GROWTH** > you can't take people where you're not willing to go
  - develop the present time consciousness necessary to create a thriving practice
  - access the deep cellular awareness in your passion
  - understand the pitfalls of codependency with your patients
  - develop the discipline required for specificity
- > **BUSINESS PRACTICES** > seeing wealth in the same light as health, something to be managed and fostered
  - explore ways to market yourself while you meet your educational clinic requirements
  - learn to speak the language of chiropractic to current and potential clients
  - establish business practices that promote efficiency in office management

## DR. REBECCA NYSTROM, D.C.

Dr. Nystrom has been a practitioner and teacher of Chiropractic for over 25 years. Through millions of adjustments across four successful practices and numerous international missions, Dr. Nystrom has helped thousands of patients and students worldwide awaken the healer within.

She leads an inspired, thriving practice at the Nystrom Chiropractic Clinic in San Rafael, California.
